

Add new claims 21-22.

--21. A method of treating inflammation or an inflammation-associated disorder in a subject, said method comprising administering to the subject having to such inflammation or disorder, a therapeutically-effective amount of a compound of Claims 1-13.--

A²:
--22. A method for the prevention of colorectal cancer in a subject, said method comprising administering to the subject susceptible to colorectal cancer, a therapeutically-effective amount of a compound of Claims 1-13.--

REMARKS

Claims 1-20 were originally in the subject application. Support for Claim 21 is found at page 62, lines 31-36.

Applicants also wish to prosecute claims related to the method of prevention of colorectal cancer subject matter. Support for Claim 22 is found at page 7, line 27.

It is respectfully submitted that this case is now in condition for allowance. Accordingly, allowance of Claims 1-14 and 16-22 are respectfully requested.

Respectfully submitted,

Joseph W. Bullock
